HEROES AREN'T BORN
It took a war to prove the abilities of American manhood. Today,
the same sterling qualities are
being shown by men who are serving their country by defending
the peace. The skills and aptitudes
will develop you physically and
mentally, and the service you will
do your country is immeasurable.
Consider this: The peace-time U.

Smithles Forge China Red
Spears for Peasant Militia
YENAN, CHINA.—Primitive blast
furnaces burn nightly as blacksmiths
forge crude spears for the peasant
militia arming for the defense of
this Chinese Communist capital
against government attack.
The farmers are dubbed the Red
Spears because their metal-tipped
lances are adorned with red tassels.

But don't get me wrong, mister—
they don't really see all this. These
kids just dream; it, because that's

Mansel Maulden.

Funeral services were held at Friendship church Wedat Friendship church Wedat Friendship church with burial in the church cemetery. Arrangements were in charge of Hayes Funeral Home.

These disciples had to remain in the world (though they were not of it!) and they needed to be kept. Now that the earthly ministry of Jesus was to be brought to a close, he tenderly placed them anew in the Father's mighty hand. Again we say, what could be more blessedly secure than that!

We must note that our Lord had a special interest and prayer for his own. Verse 9 obviously does not mean that he is not interested in all mankind. He died for them (John 3:16). But here his prayer was for his own, and in that prayer the world was left out. That makes us feel still more assured in him. He, the blessed Son of God and only Saviour, prayed for me, for you!

The closing words of verse 11 reach out into the third petition of The closing words of verse 11 reach out into the third petition of our Lord, as he prayed for their

Jefferson Standard's 40 years service

THOUSANDS OF POLICYHOLDERS, representing a cross-section of foresighted men and women in 28 states, the District of Columbia, and Puerto Rico, are now sheltered by the protective cover of Jefferson Standard life insurance. During the year 1946 more new life insurance was purchased, both by old and new policyholders, than in any other year in the company's history. Such rapid growth is striking testimonial to the helpful service rendered policyholders and to the integrity and qualifications of the men and women who comprise the company's field organization. ¶ Entering its 40th Anniversary Year, Jefferson Standard is on the threshold of \$700,000,000 life insurance in force, with intensified plans for expanding the company's service to many new communities.

EXCELLENT EARNINGS ON INVESTMENTS ✓ Jefferson Standard again led all major life insurance companies in rate of interest earned on invested assets—the result of an alert and sound investment policy.

5% INTEREST PAYMENT CONTINUED Again in 1946 5% interest was paid on funds held in trust for policyholders and beneficiaries, thus continuing a rate that has been maintained for 40 years—since the company was organized in 1907.

STRONG FINANCIAL POSITION (a) Contingency Reserve, Surplus, and Capital total \$20,800,000, an unusually high ratio of additional funds for policyholders' protection. (b) Total assets \$179,000,000, an increase of \$18,-000,000 for 1946. For every \$100 of liabilities there are \$113.12 of assets.

NEW RECORD GAIN IN INSURANCE IN FORCE Insurance in force increased \$83,000,000 in 1946.
Total is now \$672,000,000 on thousands of policyholders from coast to coast.

\$7,400,000 paid to policyholders and beneficiaries in 1946, bringing the total since organization in 1907 to \$159,000,000. LARGEST INCREASE IN NEW BUSINESS

\$114,000,000 life insurance was purchased by new

Until the turn of the centur armies invariably lost four time as many men from disease as from weapons. These figures appalled the Japanese government, which sent thousands of young Japane all over the world to study sanita tion. The report of the Japanese army at the end of the Russo-Jap policy. Seven per cent had died in battle, 1.5 per cent from disease

Music While You Work

According to the Britannica Book of the Year, experimentation in "music-while-you-work," an industrial music project first developed by the British government for war workers and adopted widely in fac tories and offices in this country, demonstrated that fast music does not mean fast work. A sharply de fined melody is preferable to rick orchestration, the Book of the Year points out, and instrumental music is preferred for industrial use because spoken words often distract

can help YOUR ARMY DO ITS PART FOR PEACE

With the President's proposal for the discontinuance of Selective Service on March 31, America will rely on voluntary enlistments for the maintenance of the Regular Army at authorized strength. In view of world conditions today, this is a step of

the gravest importance to every American citizen. Never before in history has any nation raised and maintained a million-man army by the volunteer system alone. Our ideals, our belief in individual freedom, our safety and our duty to promote world peace - all are bound up in This is your Army, and voluntary enlistment is your

choice. It must not fail. With your help it will not fail. The Army must continue to provide adequate occupa-tion forces overseas, to supply these forces, and to help in keeping America strong and secure. Your help and understanding can do much to encourage a steady flow of 3-year voluntary enlistments,

necessary to sound training and the efficient performance of the Army's task. When you discuss this subject with your sons, brothers, husbands or friends who may be considering an Army career, bear in mind the advantages offered by a 3-year enlistment. Among them are the choice of branch of

service and of overseas theater where openings exist, and the opportunity for thorough training in valuable skills. A job in the new Regular Army compares favorably with the average in industry, and has more opportunities for promotion than most. You can help by giving your respect and support to the man who enlists voluntarily — to do his part in carry-

ing out your country's world-wide obligations to build a peace that will endure. ROBERT P. PATTERSON

Mew Germ Killer Is Proved

Superior to Penicillin

CHICAGO. — An extract of beef brains and other organs that has proved to be superior to penicillin in some respects has been used on mice inculated with certain staphylococcus germs, according to the current issue of the Journal of Bacteriology.

The paper, by Leo G. Muthil and Sister Eva Maria Lynch of the Institutum Divi Thomae of Cincinnati, indicated that the brain extract held mortality to 9 per cent, as against 75 per cent for untreated mice, when used as a preventive. As a cure, it appeared to hold fatalities to zero, while rats treated with the stream of the correct propertion of the Institutum Divi Thomae of Cincinnati, indicated that the brain extract held mortality to 9 per cent, as against 75 per cent for untreated mice, when used as a preventive. As a cure, it appeared to hold fatalities to zero, while rats treated with the stream of the correct propertion of the Institutum Divi Thomae of Cincinnati, indicated that the brain extract beautiful to 9 per cent, as against 75 per cent for untreated mice, when used as a preventive. As a cure, it appeared to hold fatalities to zero, while rats treated with the stream of the correct of the Institution of th niture Company.
